Winnie Chan

San Francisco, CA | Winnie.chan2828@gmail.com

SUMMARY

Senior Analyst with 4+ years at Kepler Group across paid search, pharma, and B2B clients. Skilled in marketing analytics, dashboarding (Datorama), attribution data, and cross-team delivery, with experience leading analysts and mentoring new talent. Heavy user of Gemini for reporting, data pulls, and insight generation.

EXPERIENCE

Kepler Group, San Francisco, CA | Feb 2022 – Present

Senior Analyst, Data Strategy & Analytics – Spotify B2B (Spotify Ads Manager) | Jun 2026 – Present

- Lead data and reporting for Spotify Ads Manager, owning Datorama dashboards and cross-platform data pulls for the paid media team
- Use Gemini (expanded license) heavily across reporting, data pulls, and insight generation to streamline analysis
- Partner with Spotify's data team to bring multi-touch attribution (MTA) data into Kepler's systems, showing which campaigns drive the most revenue
- Oversee an analyst running Improvado, S3/Athena, and Datorama pipelines; review work, manage timelines, and bridge technical and paid media teams
- Translated ~300 legacy campaign names into Kepler's standardized naming convention (match type, country) using Google Sheets and Gemini
- Analyzed a Meta Ads incrementality test (~50% of US DMAs paused) using difference-in-differences on GA4 data to measure channel-level impact
- Built CAC/ROAS visualizations across 10 geographic markets using Gemini in Google Sheets

Senior Analyst, Kepler U (internal program) | Apr 2026 – Jun 2026

- Trained 33 new grads and career-changers in digital marketing fundamentals, including Google Ads paid search campaign setup and performance reporting
- Provided one-on-one mentorship to help participants build job-ready skills

Senior Analyst, Data Strategy & Analytics – Sanofi | Aug 2023 – Mar 2026

- Owned Salesforce Datorama dashboards and web performance reporting for 5+ drug brands across multiple disease areas
- Implemented and QA'd tag pixels for conversion tracking on Google Tag Manager
- Served as the neutral third-party reporter between Sanofi and a second ad agency

Paid Search Specialist – DoorDash | Feb 2022 – Jul 2023

- Managed Google Ads campaign performance with $2M+ in average annual spend
- Monitored and reported on campaign results to support optimization decisions

EARLIER EXPERIENCE

Student Data Analyst Assistant, Cal Poly Pomona Foundation | Oct 2019 – Mar 2020

- Uploaded 100+ kitchen equipment pieces to ManagerPlus and created preventative maintenance schedules for 132 machines for a new campus dining hall

Data Analytics Intern, City National Bank, Los Angeles, CA | Jun 2019 – Aug 2019

- Automated the monthly data workflow in Tableau Prep and Oracle Database and built core Tableau dashboards for the Credit Risk Review Team
- Streamlined Access queries to reduce errors and lag, improving data workflow by 50%
